Gina,
Scripto informs me their lighters have an "unlimited" shelf life:
there is no loss of butane nor any damage to mechanism.

Vince

Cambridge has leftover inventory of Scripto lighters from its Summer 1993 price cut mailing,
that we will use as a bounceback in two upcoming Cambridge promotions (July B3G2F,
and August umbrella carton).

What is the guarantee on this lighter? Is it good for the life of the program, or a specified
length of time, etc.

Thanks, Gina
